TECHNICAL ADVISORY EXTENSION PROGRAM	330100000000000												
OO : Community engagement increased													
Outcome Indicator(s)													
1. Number of active partnerships with LGUs, industries, NGOs, NGAs, SMEs, and other stakeholders as a result of extension activities		13	25	5	3	46	3	4	15		22	-21	The variance in target attainment is primarily attributed to the implementation of a revised procedure aimed at streamlining the submission of post-reportorial documents. Previously, submissions were required within 10 days after the completion of each program or project; however, under the new guidelines, submissions are now made on a biannual basis or at the end of each semester, except for stand-alone projects. This adjustment has resulted in a temporary decrease in the number of documents received, thereby affecting the reporting and validation of completed extension projects. Nevertheless, this variance is expected to be addressed, and target attainment is anticipated to improve in the succeeding quarter once the pending post-reportorial documents are duly submitted.
